PANGOLA SALES

**CLAY GULLY SALE BULLS
RUN ON A MIX OF RHODES
GRASS AND PANGOLA
PASTURES**

Trays of Pangola runners these will Have a strong root ball, sun hardened and growing ready to plant. Supplied in trays of 72 individual plants.

Pangola is an ideal pasture to plant to assist with the control of Giant rat's tail grass and to control erosion once established it forms a dense coverage which helps to reduce germination of seed.

Pangola grass (*Digitaria eriantha* Steud) is a tropical grass widespread in many humid tropical and subtropical regions, used extensively for grazing, hay and silage. It is often considered to be one of the higher quality tropical grasses

\$55 Inc per tray located Childers.

KEWPIE STUD CATTLE DEVELOPER 5708OR 5714 WITH BOVATEC

"THE BEST A BULL CAN GET!"

(ALSO SUITABLE TO CONDITION STUD FEMALES - FROM 8 MONTHS OF AGE)

Seed stock producers!

Do you want to produce fat lazy bulls that lounge around the nearest shade tree or water hole; or do you want to produce fit bulls ready and willing to go out and work for their new owners, upon arrival?

If it's the latter then 5708 or 5714 is for you!

Based on a mix of grains, 5708 or 5714 is a balanced ration designed to achieve optimum growth and fertility (a big consideration when preparing stud cattle for sale) by developing bulls gently, laying down lean muscle with enough fat cover to appear well presented, come sale day.

Kewpie Feed
"The Cattle Producer's Choice"
